STANDARD ON EVERY ORDER

- 9-ply plywood boxes, never particle board
- Sized to the room in 1/16" steps, no filler strips
- Finishes sprayed and cured in our shop
- Delivered fully assembled, labeled and wrapped
- Limited lifetime warranty on materials and workmanship

HOW A TRADE JOB RUNS

1. **Send plans.** We draw the job in KCD and return shop drawings and renderings.
2. **Site measure.** Where needed, a third-party laser measure anywhere in the continental US, included in the quote.
3. **Sign off.** We review the shop drawings with you on a video call before anything is cut.
4. **Build.** Six to eight weeks in production once drawings are approved, at a fixed price.
5. **Deliver.** Fully assembled and labeled, anywhere in the continental US. Trade pricing available.
